This is no ordinary camper. Lance's flagship double-slide version of luxury in the wilderness has become a standard to which others are compared. Determined to build a no-compromise double slide truck camper while saving as much weight as possible, the 1172 features a dinette "Super-Slide" opposite the dry bath and a galley with a flip-up counter extension.

The big news comes as the rear wall slides out with a sofa and leg extension "kick-ups" for your relaxation. With both slides open, the space is cavernous. The 1172 is the definition of the ultimate flagship truck camper.
