**SELLING FEATURES**

*This unit is on order, some options and colours may vary from the pictures shown.

The SQ19 layout is a tried-and-true memory machine. Not too big. Not too small. Just right for the weekend warrior or the extended trip nomad. At under 4500 lbs. dry weight and under 24' tow length, the SQ19 is towable by most mid-size and up trucks or SUVs while also being maneuverable into those smaller campgrounds or the "gem" secluded spots some other rigs can't back into.

Key attributes we know you care about include a real residential queen-sized walk-around bed, a spacious corner shower, and best-in-class storage, including bedside and overbed cabinets, dinette cabinets, galley cabinets above and below, as well as a floor-to-ceiling closet, plus a pantry, and drawers. Moving from the inside out, you find Lance's signature quadruple pinch-bonded, fully laminated front, rear, floor, ceiling, and dual Azdel walls, all sitting on a high-strength low-alloy prime steel chassis with all fastened components joined with Huck® fasteners.

A tow behind, for the road ahead.
