### SELLING FEATURES

Switchback Truck Camper Camper Overview

The Switchback turns your truck bed into a comfortable base camp. Compact, lightweight, and "garageable", it sets up in under 30 seconds. Durable aluminum construction, secure tie-downs, and a cozy interior make it a practical choice for truck owners who...

### OPTIONS & EQUIPMENT

#### Core Specifications

- Dry Weight: Approximately 375 lbs (making it one of the lightest hard-sided campers on the market).
- Dimensions: Designed to fit most mid-sized (e.g. Tacoma Ranger) and full-sized (e.g. F-150) trucks with 5.5' to 8' beds.
- Sleeping Capacity: 2 adults.
- Bed Size: Full/Queen-size area

#### Key Features & Design

- 30-Second Setup: Utilizing Aliner's signature A-frame folding technology the unit "blooms" from a low-profile box into a diamond-shaped shelter in under half a minute
- "Garageable" Design: When folded the camper sits just above the truck cab (approx. 50" tall on its own). On a standard truck the total height typically stays under 7 feet allowing you to park in most residential garages without removing the camper.
- No Wood Construction: Built with an all-aluminum frame and foam-core composite panels the unit is entirely rot-proof and rust-resistant.
- Massive Exterior Storage: Features two 60-inch long lockable pull-out drawers under the main floor perfect for fishing rods hunting gear or a camp stove.

#### Interior & Amenities

Following the mantra "No kitchen no bathroom no fuss " the interior is streamlined for sleeping and shelter:

- **Convertible Seating:** The bed cushions can be rearranged into two facing sofa benches for daytime use.
- **Comfort:** Fully insulated walls and tinted safety-glass windows provide sound deadening and climate protection far superior to a tent.
- **Peak Height:** Offers approximately 5' 10" (70 inches) of interior headroom at the roof peak.
