SELLING FEATURES

The **2027 Open Range Colt 32DSB** is a family-focused, double-slide-out bunkhouse travel trailer designed to maximize living and sleeping space for large families or groups.
People love this model because it balances private living zones with highly functional shared spaces, making extended camping trips feel comfortable rather than crowded. Here is why it stands out:

- **Ultimate Kids' Domain:** The private rear bunkhouse features its own slide-out with a bunk over a cozy futon sofa, plus opposing bunks, giving kids or guests their own dedicated space to hang out, sleep, and store their gear.
- **True Master Privacy:** Parents get a completely separate front bedroom with a queen bed, wardrobes, and under-bed storage away from the main living area.
- **The "Mudroom" Bathroom Door:** A secondary exterior entry door leads directly into the full bathroom, allowing kids and guests to use the restroom from outside without tracking dirt and mud through the main living room.
- **Dual Kitchen Setup:** The indoor kitchen handles full meal prep, while the outside camp kitchen lets you cook breakfast or dinner outdoors without missing out on the campsite action.
- **Spacious Open Layout:** The main living room slide-out expands the interior significantly, creating an open-concept flow around the U-shaped dinette, jack-knife sofa, and cozy electric fireplace.
- **Enclosed Under Belly:** helps protect the trailer's underside from moisture, dirt, and road debris.
